

**THREE RIVERS
WOODLAND MANAGEMENT PLAN**

**Carpenters Wood
Work Proposals**

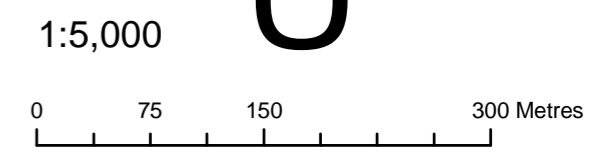

PAWS Restoration
1b - Over five years selectively thin Larch being mindful of windthrow. Selectively thin viable Oak. Also thin for best remaining broadleaves.
1a/3a - Selectively thin to best broadleaves favouring squirrel resistant species and creating mini glades for regeneration. yrs 1 & 3.

Annual
1. Continue Holly control
2. Continue thinning regeneration
3. Thin nonnatives, in particular Sycamore and Laurel

Halo and Trial restoration of 4 boundary stubbs

Gap up hedge

Investigate machine access and timber extraction
