

THREE RIVERS DISTRICT COUNCIL
Local Development Framework

**THREE RIVERS CORE STRATEGY
SCHEDULE OF PROPOSED MINOR CHANGES**

FEBRUARY 2011

The Core Strategy Proposed Submission was published in June 2010 and representations were sought for a six week period. Following this consultation, the Council considered that some changes to the Core Strategy were necessary to ensure that the Core Strategy is the most appropriate for the area and that it is sound.

The Council consulted on Changes to the Core Strategy Proposed Submission between 29 October and 10 December 2010. The representations have been considered in detail and the following schedule sets out minor changes to the Core Strategy which are considered to be appropriate as a result of the representations received. There are no changes that would require the Council to re-consult or undertake further Sustainability Appraisal work.
