

Dear Sir/Madam

Development Management Policies LDD Modifications Consultation

Thank you for consulting Sport England on above consultation. I have considered the proposed modifications and would wish to comment as follows:

Ref: MM11 – the proposed modification to Policy DM11 a) iv) is supported as this partly addresses Sport England’s original representations made on policy DM11.

Ref: MM35 - the proposed modification to Policy DM11 is supported as this partly addresses Sport England’s original representations made on policy DM11.

In combination, these two changes would fully address Sport England’s objection to policy DM11 and if the policy incorporated these modifications it would be considered sound.

Let me know if you have any queries.

Regards

Roy Warren
