Low Carbon Workspaces

Grants to reduce business energy costs

Replacing inefficient lighting, boilers, windows or printers or insulating your building can have an immediate impact on your energy spend. You could receive a grant of up to £5,000 to reduce your organisation's energy bills.

Energy efficient boilers

Double glazing

Insulation

Energy efficient equipment

LED lighting

Voltage optimisation

Plus many more

Grants are match funded and open to small and medium sized businesses. To claim the full grant of £5,000 the total project cost must be £15,000 or more.

Please note that eligibility criteria apply.
