

THREE RIVERS DISTRICT COUNCIL STRATEGIC PLAN 2019-22

What is our Strategic Plan for?

Each year, Three Rivers District Council updates its Strategic Plan, which takes into account the plans of the Government, the County Council and our many partners. Our Strategic Plan sets out what we want to deliver over the next few years and deals with the services where the Council has a lead role, or can play a key part in delivering or influencing the outcomes. We set out our aims below under the two headings of 'Better Neighbourhoods' and 'Healthier Communities'.

Values

To underpin what we want to achieve in the next three years we want to ensure that the Council:

- Addresses the shortage of housing for those needing temporary accommodation and those who have not the means to pay market rates;
- Concentrates on aiding the most vulnerable people in our district;
- Promotes sustainable ways of delivering services, reducing the Eco-footprint of the district,
- Creates diverse and harmonious communities that enable people to live in harmony with each other and with their environment;
- Supports the local economy to create good quality jobs and prosperity
- Increases its income through sound investment in order to provide the services the local community wants;
- Maintains public land and assets in the ownership of the public sector.
- Provides excellent customer care whilst providing great services as efficiently as possible;
