Subject: Objection to license application by Shish Rickmansworth Ltd, 8 Moneyhill parade

I am sending this email on behalf [REDACTED]
[REDACTED] I am sending this as [REDACTED] [REDACTED] not particularly able to use digital means, so I request you copy [REDACTED] both in to any correspondence

[REDACTED] request that [REDACTED] personal details are not shared with Shish Rickmansworth Ltd.

[REDACTED] would like to object strongly to this request, on the grounds of the presentation of crime and disorder, and prevention of a public nuisance.

It is clear [REDACTED] [REDACTED] that the proposals will lead to an increase in anti social behaviour and crime due to the late serving hours. There is a residential street a few metres away from this premises and it would be clearly unsafe to encourage drunken behaviour in this area.

[REDACTED] would also like to object on the grounds of your duty to ensure there is a prevention of public nuisance. This premises is a few metres from a residential street, Elm Way, [REDACTED] [REDACTED] There are premises that exists near by that serve alcohol but none to these late hours and they are all restaurants. The late hours will produce an unacceptable level of noise for local residents as people exit the venue. in addition, there is an alley way at the back of the premises. Noise will increase here for 2 reasons - this is likely where the smoking area will be. This is not acceptable at that late hour. In addition the bins will likely be here too - which means the sound of smashing glass at after 12am. Again, unacceptable in a residential area.

There is also a proposal for music to be played at the venue. This is not acceptable to occur at such late times in what is a residential area.

The premise in question is on the corner of a main road, but the noise from the music and back alleyway will predominantly affect Elm Way and not Uxbridge road. This is not acceptable on the ground that it causes a public nuisance.

Thank you

[REDACTED]

Subject: 8 Money Hill Parade

Dear Sir or Madam

I was very upset to hear that a licence for alcohol, music and dancing has been applied for and I have not been officially told [REDACTED] [REDACTED]

I am writing to object on the following grounds:

1) Planning permission for the site

Although planning permission was granted after several refusals, what has been built is not in keeping with what was granted.

-The safety of the public will become an issue due to this once it opens.

-The upstairs was granted as a designated staff rest area but in their latest application has been converted to a flat without planning permission where someone appears to be living, so where are the staff going to have their breaks
-If planning permission is being breached, any licence that is granted will also be breached

2) Dancing

-The venue is totally unsuitable for dancing. It is supposed to be a 64 seater restaurant. How does the public join in? Where will dancing happen when there is insufficient room?
-If dance is performed instead, where does the performer work and change? There is insufficient room for a stage or set area for performance and no area at all for changing clothes

3) Noise

-[REDACTED], this will very much badly affect [REDACTED] and we should have been notified directly.

-Noise going on all hours of the day and night will affect the business and the property. People need to work and sleep and noise will affect the health of those here.

4) Alcohol

-the serving of alcohol is unnecessary, there are plenty of other outlets on the parade.

-more alcohol availability will lead to more anti-social behaviour

5) Antisocial behaviour

-we already have problems with people urinating, defecating, vomiting and behaving badly on the parade and there is no enforcement.

-Litter will increase

-there are no measures on the application as to how this will be dealt with

-More people around will also mean a possible increase in crime and less privacy for residents

6) Parking

-Where are all these people going to park to get the venue?

-Once they have drunk lots of alcohol, they will be likely to leave their cars behind making a problem for local residents.

-There are already issues with lack of disabled parking, lack of parking enforcement, parking on kerb, parking on crossings, parking on double yellow lines, inconsiderate parking, parking in and over other people's driveways and access points. This problem will be further exacerbated.

7) Application irregularity

-It is odd that the application seems to be in the name of another new company, which has different names to those on previous applications

Please consider the above and reject the application

Subject: Objection to license application by Shish Rickmansworth & Moneyhill Parade

Dear [REDACTED]

I would like to object to the licence for 8 Moneyhill Parade due to noise as the Restaurant backs onto a residential road and people leaving the establishment may well make a great deal of noise with shouting and doors banging also unsocial behaviour I would also like to object to the request to have

belly dancers for 12 hours a day i.e. 11 am to 11 pm I don't think that this is at all a suitable entertainment for a built up residential area on what was built as a local shopping parade I would also like to object to 8 Moneyhill Parade being able to have a music licence as it will cause stress to local residents due to the music being able to be heard outside the venue other establishments have music licenses on the understanding that the music cannot be heard outside the establishment I feel that this clause must be included in any permission granted I would also like to point out that as we are part of the Metropolitan railways estate we are only allowed to run Brass Plate Businesses from the houses and so feel very strongly that we are restricted by the covenant in order to preserve the area but it seems that the establishments at Moneyhill Parade appear not to be restricted in any way There have been many requests for this establishment each one more bizarre than the last I am not sure if this is to annoy the local residents or a genuine request. I have noticed that when a request is granted and restrictions imposed they are not usually adhered to. Examples will be given if requested I also feel the hours of opening requested are unreasonably long Yours
