Hi Claire,

Thank you for your email. I have spoken with my client regarding the NDA in relation to the full DQRA. As discussed, this document includes sensitive information in respect of the public water supply, and therefore whilst we do not need a fresh NDA signed Affinity Water will require:

- Confirmation that the NDA (attached) has been shared with the consultant.
- Confirmation by that consultant that they will abide by the same terms of the NDA.

Appreciate if you are able to send me these please to those parties who you are going out to.

Kind regards

Tim

Hi Tim

As you are aware I am in the process of appointing a hydrogeologist following the resolution of the Planning Committee to defer the application.

Whilst there is a DQRA Summary Report online, the full DQRA is not publically available to view and I have previously confirmed to you that I would not share this. However, I think that it is essential that it is reviewed by our appointed hydrogeologist.

I would therefore be grateful if you would confirm by reply that you are happy for me to share the full DQRA report with our instructed hydrogeologist on the understanding that they do not share the document further.

I look forward to hearing from you.

Kind Regards
Claire
