### G. CHOICE OF PROCEDURE

There are three different procedures that the appeal could follow. Please select one.

1. Written Representations
2. Hearing
3. Inquiry

You must give detailed reasons below or in a separate document why you think an inquiry is necessary. The reasons are set out in

the box below

The Appellant requests that the appeal be considered at a public inquiry for the following reasons:

- The technical complexity of the evidence which is likely to be contested and merit testing by way of cross-examination;
- There is significant largescale Third Party interest including a Conservation Body who can be expected to present technical evidence; and
- The length of the proceedings that may be required to consider the main issues is likely to require significant time.

For these reasons, we consider it ill-suited to be dealt with by any other procedure.

(a) How many witnesses do you intend to call?

(b) How long do they need to give their evidence?

(c) How long do you estimate the inquiry will last?

(d) Is there any further information relevant to the inquiry which you need to tell us about?
