

Temporary Event Notices Register 2022

A Temporary Event Notice permits licensable activities at premises within specified limits. Only Hertfordshire Constabulary or the Local Authority exercising environmental health functions can submit an objection notice within 3 working days of the notice being served. If the prescribed limits are exceeded a counter notice will be served. If the Police or Environmental Health objects to a standard TEN, the applicant may modify the operating schedule with their agreement. There is no scope under the Licensing Act 2003 for the modification of a late TEN.
